SURFACE SOLUTIONS

INDUSTRIAL EPOXY

SHIMICOAT provides the ultimate heavy-duty industrial epoxy floor finishing system with durability, safety and functionality in mind. The epoxy matrix can be engineered with flexible properties to resist vibrations, which makes it ideal for the base of embedded specialty equipment and machines. SHIMICOAT's Industrial Epoxy is suitable for a pour-on epoxy matrix of 5mm or even more if required.

The system can be used for Prior to Coat installations such as screeding, minor ramping and other surface preparation procedures.

Manufactured by SHIMICOAT, the products are odourless, self-levelling, easy to apply and engineered to be ideally suited to Australian conditions.
