SURFACE SOLUTIONS

FAST CURE TINTED EPOXY

SHIMICOAT can provide a 2 Hour Fast Cure Epoxy specially formulated for busy commercial applications that require the fastest result enabling them to get back to service with minimal disturbance. Fast Cure Tinted Epoxy has all the benefits of the normal curing epoxy which is available in many colours. The product is ideally suitable for decorative and non-decorative floor finishing systems in conjunction with Slip Resistant materials for safer floors.

Fast Cure Epoxy is also the ultimate solution for Prior to Coat installations such as coving, screeding and other surface preparation procedures. Flexi Mortar Fast Cure Epoxy can be used to fill the cracks, grooves and joints and the system allows you to prepare the surface quickly providing extra value with its same day consecutive coating application.

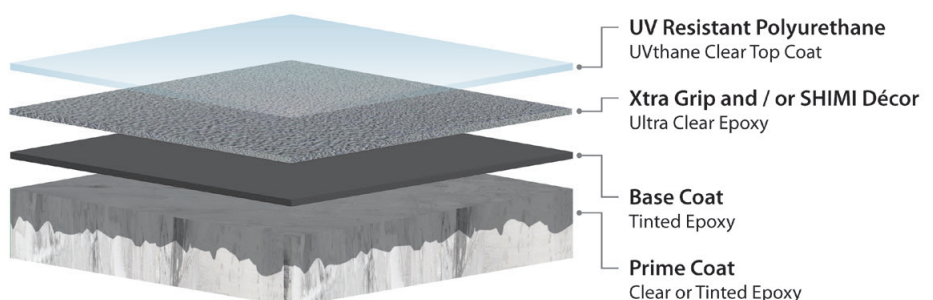

Manufactured by SHIMICOAT, the products are odourless, self-levelling, easy to apply and engineered to be ideally suited to Australian conditions.
